

State Fair of Texas: Can you find 5 differences between each picture?

www.dallaslibrary.org/kids
dallaspubliclibrary

The Texas Star is the tallest Ferris wheel in North America.
You can see it from the sixth floor of the downtown library.

Answers: 1) One of the roller coaster cars is missing. 2) The stars on Big Tex's shirt are missing. 3) The lower car from the Ferris wheels are gone. 4) The Ferris wheel on the right is called "Taxes Step" instead of Texas Star. 5) Big Tex doesn't have any pockets!
